Terry,

We're fine with your revisions.

Ex. 5 Deliberative Process (DP)

Thanks!

Lorie

Terry,

Just a question on the second question. Did they only want the PFAS concentrations? Not any of the inorganics?

Thanks Lorie for your edits. Jim Woolford had some additional questions/edits to the Blades writeup. I took the answers from your Site Characterization Form but wanted to run by you to make sure they are correct. See red text. Thanks.

Blades Groundwater, Blades, DE

Terry,

Just a couple of small things for R3 – noted in redline/strikeout in the attached.

Ex. 5 Deliberative Process (DP)

Otherwise we're good with both Blades and No response based on revised memo

Thanks for providing the briefing document to us for review!

Lorie

Subject: Draft briefing document for Jan 6 OLEM AA briefing on spring 2020 NPL rules

Regions 2, 3, 4, 5, 6, 7, 8 and 9,

Attached is the draft briefing document for the January 6 briefing for the OLEM AA on the spring 2020 proposed and final rules. It is currently undergoing a final review by OSRTI senior management. This briefing document has not changed very much since we briefed Jim Woolford a few months ago but I wanted to pass it by you one more time to make sure there were no major concerns with the writeups.

Please let me know by COB Monday, Dec. 16 if you have any concerns.

Thanks.

Terry
